

Catastrophic Injury Breakfast Seminar

Thursday 13th November 2014

Quantum Issues in Amputation Claims: The Long Term Consequences of Prosthetic and Non-Prosthetic Use

Old Square Catastrophic Injury Specialists **Christopher Walker** and **Charlie Woodhouse** discuss the long term consequences of prosthetic use for amputees and the impact of amputees' variable long term disability on claims for damages, particularly housing and care.

Serious injury specialists with a regular or occasional interest in amputation claims are invited to join us at the Hotel du Vin for this informal discussion addressing the medical background to these crucial (and valuable) elements of amputation claims.

VENUE: Hotel Du Vin
The Sugar House, Narrow Lewins Mead, Bristol, BS1 2NU

TIME: 8.15am Coffee & Registration
8.30am Seminar

RSVP: Liane Ractliffe
