invite you to an online webinar on

Calculating Loss of Earnings – Personal Injury

Presented by: Katherine Howells, Barrister, Old Square Chambers

On Wednesday 17 November at 1.00pm (via Zoom)

A G E N D A

This talk explores the rationale underlying and methods of calculating loss of earnings in relation to injured employees as well as the self-employed and those in partnership from short term periods to whole working life claims. Topics covered include sources of evidence, the basic structure of a claim, use of the updated 8th edition of the Ogden Tables, the impact of residual earnings capacity, promotion prospects and fluctuating income, reduced life expectancy, fatal accident adjustments and practical guidance on the presentation of calculations in Schedules and Counter-Schedules.

Katherine is a specialist personal injury practitioner. Her domestic caseload is mainly centred on high-value road traffic and employers' liability claims together with cases involving occupiers' and public liability.
